

Temple Sha'arey Shalom Photo Release
2017-2018

As new technology becomes available, there are always new concerns about privacy issues. From time to time we print photographs of temple, religious school and preschool activities and events in the temple bulletin, temple website, local print media and various online sites as noted below. Some are public; some are private and permission-based available to members only.

Please indicate below in which sites and/or publications you allow your or your child(ren)'s picture and or name to appear.

Temple Bulletin photo: yes _____ no _____
